MARLON

XPLORE PRO II

XPLORE II SXS DECK

**XPLORE II SXS DECK FITS
6.2" TO 8" TRUCK BOX C/W
TWO RAMPS**

Now go out and Xplore!

Carry your SxS and pull your trailer

The deck comes standard with 10' ramps that have 4" side safety edges making them safe and secure when loading and unloading.

SAFE

- **FEA - computer stress analysis design testing**
- **Field tested**
- **During the design we kept loading safety in the forefront of the design**
- **from the ramps to the deck!**
- **10' ramps safe and secure**
- **Rung grips make loading safe**
- **Winch mount plate and pull point**
- **Movable side steps for secure entry as well as tying down your machine**
- **Positive park position, bolt on front cradle (2020)TM**

All-aluminum build, with powder coat paint finish and only weighs 360lbs!

SECURE

- **Positive park position, front tire cradle (2020)TM**
- **Tire tie down kit - secure your tires**
- **Bolt down design**

SMART

- **Carries 2 & 4 door machines up to 120"s (Machine Length) (Standard)**
- **Optional deck extension allows you to carry machines up to 165" in length (2020)TM.**
- **Rated for 2800Lbs**
- **76" Wide to fit the widest factory machines**
- **New Design, New Ramps allow 50" narrow SXS's to be loaded (2020) TM**
- **Adjustable legs - Fits 8' L/B & 6'2" S/B trucks**
- **SS hardware**
- **Tire Tie down design takes the sway from the machine out of your thoughts and does not affect your SxS suspension**

The solid mount winch plate will accommodate a winch and is also designed with a pull point, so you can use your SXS winch if so equipped!
